Write in an Evernote Edition Notebook by Moleskine as you normally do. Then use the Evernote camera in document mode to capture notes and tags, so all of your ideas will be easy to find.

Search your notes from anywhere

By turning ordinary notes into digital ones, you can search your notebooks from any of your devices. Evernote recognizes your handwriting, so you can even find a specific word deep within your notes.

Tag it with a smart sticker

If you like tagging your notes, you'll love this. We've included smart stickers that you can place on any page. Mark a note with a "Travel" tag and take a picture using the Evernote camera. Then find it in your travel notebook when you're planning that trip.
